GREAT REMEDY

CONSTITUTION. And the only known Remedy

DIABETES and DISEASES of the KIDNEYS and BLADDER.

CONSTITUTION WATER

Has been pronounced by the Medical Faculty and the public, to be the most wonderful remedy for the permanent cure of all diseases of the STOMACH, LIVER, KIDNEYS and BLADDER that has ever been

ER, KUNKYS and BIADDER that has ever been offered.

It is not a MINERAL WATER. It is from experience that CONSTITUTION WATER has emenated, and we now say let no man doubt, when a single bottle has been known to cure diseases which the best medical talent in the country failed to relieve.

A remedy possessing the virtues of Constitution Water cannot be classed under "quack" preparations, as it is now used by the most scientific practitioners in the city. It is only second-class physicians that cry down popular remedies, while the better skilled make use of every means to accomplish a cure; and the success of the physician increases as his knowledge of different remedies enables him to produce a cure, while others fail in the attempt.—Science is satisfied with the truth.

Give Constitution Water a fair trial—we mean you who are undersome specialist's care from year to year, and we particularly allude to ladies who are constantly resorting to LOCAL TREATMENT, and all sorts of local applications for diseases, with as much chance of success as there would be from local applications to the throat for diseases, with as much chance of success as there would be from local applications to the throat for diseases of the brain.

We have always been careful to use language in our circular that could not shock the most delicate organization, but we receive many communications from persons for whom Constitution Water is adapted, and of whose disease no mention has been made, that we have come to the conclusion that if the remedy is capable of producing a cure, no matter what the disease may be, it should be made known. The medicine is put up for the public and there should be no exceptions.

DIABETES

Is a disease of the stomach and liver, acting through the kidneys, and is without doubt, the most obstinate disease, except Consumption, that affects the human constitution. We have no space for discussing causes, but will state that the effect of the disease is the conversion of the food) into sugar, which stimulates the kidneys to an excessive secretion of water. Many persons suffer from this disease who are ignorant of it; that is, they pass large qu in the during the day, and are obliged to get up from one to fifteen or twenty times during the night. No notice is taken of it until their attention is called to the large discharge of water, and often when it is so far advanced as to be beyond the control of ordinary remedies. Another symptom is the great thirst, which, when the disease is fully established, is intelerable—the patient drinks constantly without being satisfied; also dryness of the month, cracking of the lips, a sweet breath, in the more advances cases, and finally loss of appetite, emaciation, and the patient gradually sinks from exhaustion.

Constitution Water is, without doubt, the only known remedy for distates, and we have as much confidence that it is a specific as we have that opinm will produce sleep, and truthfully say that it has cured every case in which it has been used.

Stone in the Bladder, Calculus, Grav-el, Brick Dust Deposit, Etc., Etc., Diseases arising from a faulty secretion—in the one case being too little, and accompanied by severe pain, and in the other a too profuse secretion—which will be speedily cured by the

PHYSICIANS Have long since given up the use of buchu, cubebs and juniper in the treatment of those diseases, and only use them for want of a better remedy.

CONSTITUTION WATER Has proved itself equal to the task that has devolved upon it. DIURETICS

Irritate and drench the kidneys, and by constant use soon lead to chronic degeneration and confirmed disease.

We present the Constitution Water to the public with the conviction that it has no equal in relieving the class of diseases for which it has been found so eminently successful for caring; and we trust that we shall be rewarded for our efforts in placing so valuable a remedy in a form to meet the requirements of patient and physican.

READ! READ!! READ!!! DANVILLE, PA., June 2, 1862.—Dr. Wm. H. GREGG—Dear Sir:—In February, 1861, I was afflicted with sugar diabetes, and for five months I passed more than two gallons of water in twenty-four hours. I was obliged to get up as often as ten or twelve tims during the night, and in five months I lost fits pounds in weight. During the month of July, 1861, I procured two bottles of Constitution Water, and in two days after using it I experienced relief, and after taking two bottles I was entirely cured, soon after regaining my usual good health. Yours, truly, J. V. L. DEWITT.

Boston Corners, N. Y., Dec. 27, 1861,—Wm. H. Grego & Co.—Gents: I freely give you liberty to make use of the following certificate of the value of Constitution Water, which I can recommend in the highest manner:—My wife was attacked with pain in the shoulders, whole length of the back, and in her limbs, with Paiptation of the Heart and Irritation of the blisder. I called a physician, who attended her shout three months, when he left her worse than he found her. I then employed one of the best physians I could find, who attended her for about nine months, and while she was under his care she did not suffer quite as much pain. He finally gave her up, and said "her case was incurable. For," said he, "she has such a combination of complaints that medicine given for one operates against some other of her afflictions." About this time she commenced the use of Constitution Water, and to our utter astolishment almost the first dose seemed to have the desired effect, and she kept on improving rapidly under its treatment, and now superintends entirely her domestic affairs. She has not taken any of the Constitution Water for about four weeks, and we are happy to say that it has preduced a permaent curse.

H. GREGG—Dear Str. Having seen your advertisement of "Constitution Water," recommended for Inflammation of the Kidneys and Irritation of the
Bladder, having suffered for the past three years
and tried the skill of a number of physicians wish
only temporary relief, I was induced to try your
medicine. I procured one bottle of your agents at
Hartford, Mossys, Love Sisson & Co., and when I had
used half of it to my surprise I found a great change
in my health. I have used two bottles of it, and am
where I never expected to be in my life, well, and in

RICHARD NEVINS.

THE peculiar taint or infection which we call SCROFULA lurks in the constitutions multitudes of men. either produces or I produced by an en-feebled, vittated state of the blood, where a that fluid becomes ir competent to sustain the vital forces in their vigorous action, and leaves the system to fall into di-order and decay. The scrofulous contamination is variously caused by mercurial

disease, low living, disordered digestion from unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the iniqui-ties of the fathers upon their children." 'I be diseases which it originates take various names, according to the organs it attacks. In the lungs, Scrofula produces tubercles, and finally Consumption; in the glands, swellings which Consumption; in the glands, swellings which supparate and become ulcerous sores; in the stomach and howels, derangements which produce indigestion, dyspepsia, and liver complaints; on the skin, eruptive and cutaneous affections. These all having the same origin, require the same remedy, viz. purification and invigoration of the blood. Purify the blood, and those dangerous distempers leave you. With feeble, foul, or corrupted blood, you cannot have health; with that "life of the flesh" healthy, you cannot have serofulous disease. Ayer's Sarsaparilla

is compounded from the most effectual anti-dotes that medical science has discovered for this afflicting distemper, and for the cure of the disorders it entails. That it is far superior to any other remedy yet devised, is known by all who have given it a trial. That it does combine virtues truly extraordinary in their effect upon this class of complaints, is indisputably proven by the great multitude of publicly known and remarkable cures it has made of the following diseases: King's Evil or Glandular Swellings, Tumors, Erup-tions, Pimples, Blotches and Sores, Erysipelas, Rose or St. Anthony's Fire, Salt Rheum, Scald Head, Coughs from tu-berculous deposits in the lungs, White Swellings, Debility, Dropsy, Neurulgia, Dyspepsia or Indigestion, Syphilitic Infections, Mercurial Diseases, Female Weaknesses, and, indeed, the whole series of complaints that arise from impurity of the blood. Minute reports of individual cases may be found in AYER'S AMERICAN ALMANAC, which is furnished to the druggists for gratuitous distribution, wherein may be learned the directions for its use, and some of the remarkable cures which it has made when all other remedies had failed to stord relief. Those cases are purposely taken from all secmay have access to some one who can speak to him of its benefits from personal experience. Scrofula depresses the vital energies, and thus leaves its victims far more subject to disease and its fatal results than are healthy constitutions. Hence it tends to shorten, and does greatly shorten, the average duration of human life. The vast importance of these considera-tions has led us to spend years in perfecting a remedy which is adequate to its cure. This we now offer to the public under the name of AYER'S SARSAPARILLA, although it is composed of ingredients, some of which exceed the best of Surs yarilla in alterative power. By its aid you may protect yourself from the suffer-ing and danger of these disorders. Purge out the foul corruptions that rot and fester in the blood; purge out the causes of disease, and vigorous health will follow. By its peculiar virtues this remedy stimulates the vital func-tions, and thus expels the distempers which

lurk within the system or burst out on any We know the public have been decrived by many compounds of Sursuparilla, that promised much and did nothing; but they will neither be deceived nor disappointed in this. It virtues have been proven by abundant trial, and there consists a constitute of its surressing excellence. nams no question of its surpassing excellence for the cure of the afflicting diseases it is in-tended to reach. Although under the same name, it is a very different medicine from any other which has been before the people, and is far more effectual than any other which has ever been available to them.

AYER'S

CHERRY PECTORAL.

The World's Great Remedy for Coughs, Colds, Incipient Consumption, and for the relief of Consumptive patients in advanced stages of the disease.

This has been so long used and so universally known, that we need do no more than assure the public that its quality is kept up to the best it ever has been, and that it may be relied on to do all it has ever done.
